# Index Plungers • with mounting flange, horizontal, stainless steel 22110.2306

### **Product Description**

Index plungers are used for indexing bores.

### **Material**

### Housing

 Stainless steel 1.4308, precision casting, bright, matt blasted

### Locking pin

Stainless steel 1.4305

### Pull-ring

Stainless steel 1.4310

### Assembly

Assembly by means of washers ISO 7092.

### Operation

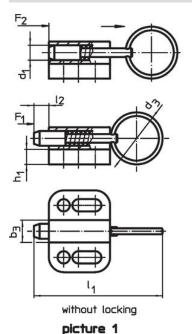

When using locking index plungers, the knob is pulled-out, turned 90° and secured by a notched catch (when locking pin should not overhang).

## More information

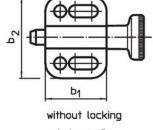

### Notes

Knob not removable.
