

## Product Description

Torque handles are used wherever a limitation of the exerted hand force is required.
The handle, similar to a knurled nut / knurled thumb screw, with integrated torque mechanism allows a defined torque limit during tightening. Reaching the torque results in an "over-locking". For releasing the torque is transmitted indefinitely.
These handles combine the functionality of a ratchet wrench with the modern and ergonomic design of a nurled nut / knurled thumb screw.

Material
Cap

- Thermoplastic PA 6, light grey, similar to RAL 7035

## More information

Further products

- Three-Lobed Torque Handles

## Torque mechanism

- Steel, hardened

## Handle

- Aluminium, black anodised

Inner part

- Steel, blackened

## Screw

- Steel, blackened

## Compliance

RoHS compliant
Contains lead - compliant according to exceptions $6 a / 6 b / 6 c$.
Contains SVHC substances >0,1\% w/w
Contains lead - SVHC list [REACH] as of 23.01.2024.

Contains Proposition 65 substances
A
Lead can cause cancer and reproductive harm from exposure https://www.P65Warnings.ca.gov/

Free from Conflict Minerals
This product does not contain any substances designated as "conflict minerals" such as tantalum, tin, gold or tungsten from the Democratic Republic of Congo or adjacent countries.
